The teachers have to inform the higher authorities about the status of the course coverage as the exams approach. They have to inform in prescribe format, the portion of the syllabus covered, portion of the syllabus yet to be covered, and the reasons of the portion remaining uncovered. Smart classes have been established to maximize the use of ICT.

We also have asked for construction of an auditorium as the existing one is only a assembly hall.

❖ Industry Interaction / Collaboration Members of the local population, industry leaders, and the faculty from the other institutions are often invited to the functions organized by the campus. But the due to political changes in the union territory, the industry is busy with the problems of their own and so Industrial interaction and collaboration have not been possible to the extent that we would have wanted.

We are looking forward to getting promoted from the status of Deemed University to the status of full-fledged University. In that position, we will be the world's largest and only multi-campus university, and we shall be able to add to the soft power of our dear motherland India at the world stage.

We also look forward to retrieving the ancient shrine of Sharadapeetha, (which is under the illegal occupation of Pakistan) which has a great significance in the annals of the Sanskrit language, literature and learning.

In the meantime, we shall be talking to all the stakeholders (administration, educationists, members of the intelligentsia and the opinion-makers of the state, so that Sanskrit is re-introduced in the local educational institutions.

We shall seek to involve the local populace in the activities of the institution so that they realize what a fantastic job is being done by the students and teachers of this institution in the field of Sanskrit, so that the impression, that Sanskrit is merely a language of rituals only, is dispelled.
